

MG22S

STEEL WATER FILTER FOR MULTIPLE APPLICATIONS

Rainfresh®
MULTIFRESH

Rainfresh **MG22S** is multi-stage central stainless steel filter system that provides clean, filtered water for multiple applications at the same time. It can be connected simultaneously to coffee machine, drinking water, fountain beverages etc, saving space and filtration costs. It is ideal for installations where water pressure is high (150 psi max), such as office cafeterias, institutions, commercial kitchens etc.

PROTECTS AGAINST

- Chlorine, taste and odour
- Hot and cold water scale
- Sediment

BENEFITS

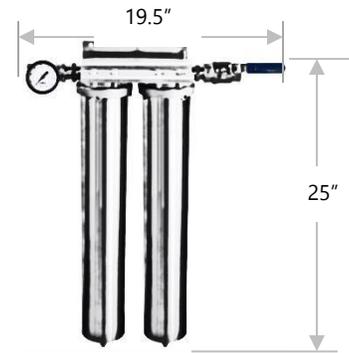

- Single system replaces multiple units – saves cost!
- Reduces chlorine, taste and odours that can affect the taste of both hot and fountain beverages
- Protects equipment from clogging or corrosion due to sediment. Reduces sediment, dirt, rust and other particles in the water, down to 5 micron
- Enhances equipment life by protecting from scale build-up
- Enables fountain BRIX to stay within specification
- Robust stainless steel construction stands the vigours of commercial use

An outlet water pressure gauge is included to monitor pressure variations. It also indicates filter cartridge plugging (when differential pressure exceeds 15 psi).

System Dimensions

Model	Unit Width	Unit Height	Unit Depth
MG22S*	19.5" (495 mm)	25" (635 mm)	6" (152 mm)

- * - a) For cold water use only. This product is for commercial use only.
 b) Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

Operating Specifications

Inlet/Outlet Connections	: 3/4"
Max. Service Flow Rate	: 3.0 US GPM (11.3 LPM)
Max. Temperature	: 100 F (38°C)
Max. Pressure	: 100 psi (689 kPa)**

** If pressure surges or water hammer conditions exist, a pressure regulator and/or water hammer arrestor should be installed.

Cartridge Specifications

Replacement Filter	Function	Micron Rating	Cartridge Life
MB20G05S	Reduction of sediment and scale	5μ	10,000 US gal or 6 months [^]
AC20G05K	Reduction of chlorine, taste, odour and sediment. Inhibition of scale	5μ	4,000 US gal or 6 months [^]

[^]Cartridge life may vary with water quality and usage.

Limited 1 year warranty
