

High Efficiency Cabinet Water Softeners

Rainfresh cabinet water softeners make water soft by reducing hardness using a process called Ion Exchange. Soft water has great benefits such as:

No scaly deposits

- Soft water prevents white scaly deposits on plumbing fixtures, showerheads, faucets, etc.
- **Saves time on cleaning!**
- Without scale buildup, fixtures operate more efficiently and last much longer!

Super clean laundry

- Clothes washed in soft water come out softer and prevent damage to fibres.
- With soft water you will use up to 75% less detergent than hard water
- **Saves you \$\$.**
- Extends your washing machine life by preventing hard water scale build up

Cleaner Showers & Smoother Shaves

- Enjoy softer, bouncier hair & smoother skin after showers
- Prevents showerheads from clogging up due to scale
- Smoother and closer shaves & razors last longer
- Use up to 75% less shampoo and conditioners
- **Saves you \$\$**

Dishwasher

- Spotless glassware and dishes
- Use up to 75% less detergent
- **Saves you \$\$**

Faster Water Heating

Improve water heater efficiency by up to 29% and **lower utility bills**
Saves you \$\$

Clean and Clear Water for your entire home.....Always!!!

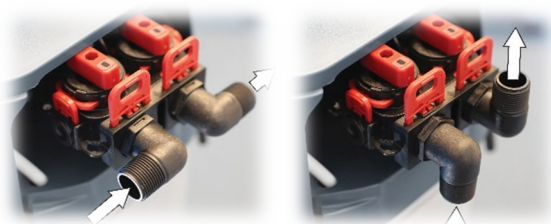

High Performance Features

- **Bilingual** programmable electronic backlit display
- On demand regeneration (meter initiated)
- **Uses up to 60% less salt than timer softeners**

Unique wall mountable backlit display module for easy viewing

Whole House Installation

- 3/4" NPT elbow fittings, can be easily rotated to suit any installation angle
- Bypass valve and 15 feet of drain hose included

Sliding Salt Lid

Salt lid slides upward and does not come in the way of salt filling

Model	For use in homes with	Max Capacity (Grains)~	Max Hardness Removal	Water Pressure (psi)*	Audible Alarm	Dimensions
30C	Up to 3 bathrooms	30,000	65 GPG	20 – 100	Yes	41"Hx12.5"Wx20.5"D
40C	Up to 4 bathrooms	40,000	100 GPG			

~ At 18 lbs. /ft³ / regeneration

Feed Water Quality:

- Iron < 0.5 PPM
- Manganese < 0.05 PPM
- Turbidity < 1 NTU
- Free Chlorine < 0.5 PPM
- Hydrogen Sulphide – Nil
- Organics – Nil
