

IGNC22W

HIGH FLOW ICE MACHINE WATER FILTER SYSTEM

For Cubers up to 1,450 lb/day

Rainfresh IGNC22W filter system is a two-stage water filtration system specifically designed to protect ice machines from the damaging effects of sediment which can cause corrosion of metallic components and clogging of nozzles and solenoid valves. IGNC22W also protects ice machines from effects of scale build-up on evaporator plates. This reduces service costs and downtime substantially, leading to increased profits. The system leaves chlorine in the water.

IGNC22W is a double-stage system designed specifically for ice machines that produce up to 1,450 lbs/day. It:

- Reduces dirt, grit, sand and other fine particulates for clean ice cubes and flakes.
- Features a polyphosphate feed to inhibit scale build-up in the ice machine

PROTECTS AGAINST

- Scale build-up
- Sediment

A water pressure gauge is included to monitor pressure variations and spikes. It also indicates cartridge plugging (when differential pressure exceeds 15 psi).

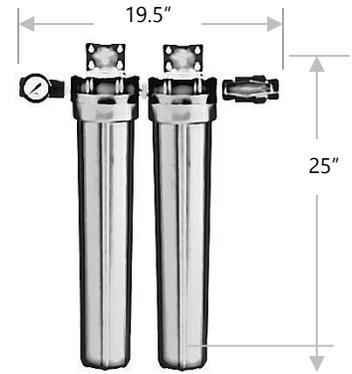

FEATURES & BENEFITS

- Reduces scale formation and sediment that cause frequent breakdowns of ice machines
- Extends life and reliability of ice machine
- Economical and easy to maintain

System Dimensions

Model	Unit Width	Unit Height	Unit Depth
IGNC22W*	19.5" (495 mm)	25" (635 mm)	6" (152 mm)

- * - a) For cold water use only. This product is for commercial use only.
 b) Do not use with water that is microbiologically unsafe or of unknown quality without adequate disinfection before or after the system.

Operating Specifications

Inlet/Outlet Connections	: 3/4"
Max. Service Flow Rate	: 3.0 US GPM (11.3 LPM)
Max. Temperature	: 100 F (38°C)
Max. Pressure	: 100 psi (689 kPa)**

** If pressure surges or water hammer conditions exist, a pressure regulator and/or water hammer arrestor should be installed.

Cartridge Specifications

Replacement Filter	Function	Micron Rating	Cartridge Life
MB20G01S	Scale inhibition and reduction of fine sediment.	1μ	20,000 US gal or 6 months [^]

[^]Cartridge life may vary with water quality and usage.

Limited 1 year warranty
